# GROUP BUSINESSES

Sienmar is part of bigger group of companies, that works in different business fields across the world.

Sienmar Energy Services is a specialist services company that serves biggest names in Oil-Gas & Marine industry across Middle East & CIS.

CLEAR Logistics Services is fully licensed to operate in all 50 US states, with its own fleet operated out of Florida, USA.

GlassMan LLC is glass and mirror processing plant operating in Baku, Azerbaijan. Equipped with latest technologically sophisticated machineries, Glassman serves biggest projects & companies in Baku and around the country.

PARK 3PL operates close to 20,000 m<sup>2</sup> industrial park in Baku, Azerbaijan and delivers services such as warehouse rental, outsourced warehousing services, logistics, freight forwarding, customs clearance, as well as in-country deliveries with it's own fleet.

# OUR INTERNATIONAL FOOTPRINT

Sienmar offers the very best of both worlds – products & services. After more than a decade of continued expansion, Sienmar divisions already operate in eight countries, three continents and, to date, have completed hundreds of projects for some of the world's largest multinational Oil & Gas and Marine companies across Europe, CIS and Middle East.

**Our international footprint**  
Eastern Europe and CIS:

Sienmar currently has presence and serves clients in different regions & continents of the world, that includes regions such as:

- |                |             |                  |       |
|----------------|-------------|------------------|-------|
| • AZERBAIJAN   | • KAZAKSTAN | • UAE            | • USA |
| • SAUDI-ARABIA | • GEORGIA   | • EASTERN EUROPE |       |

# SAFETY FIRST

AT SENMAR,  
WE ALWAYS SAFETY-FIRST

Thanks to our hard work and dedication to a "zero-injury" culture, our company has achieved 10+ years without a Loss-Time Injury (LTI) at our Baku facility.

These benchmark numbers are a result of our steadfast commitment to ensuring the safety of each employee, client, subcontractor and member of the public.

# SAFE ENVIRONMENTS

In addition to personal safety, we remain committed to protecting the environments in which we do business. From the first day, our company follows applicable government legislation and works to exceed those standards wherever possible. Our employees, subcontractors and suppliers all follow Sienmar's safe work practices and procedures because, at Sienmar, if we can't do the work safely, we won't do it at all.

# EXPERIENCE

Sienmar was born with the passion of building the most reputable industrial engineering & fabrication company by the professionals with decades of experience. Today, we serve virtually every major industrial sector — construction, mining, automotive, oil & gas, petrochemical and marine — and have the resources and expertise to meet our clients' needs, no matter how diverse or how remote. Sienmar operates a technologically sophisticated fabrication facility in a convenient location in Baku, with high way accesses to all directions. We take pride in being one of the leading fabrication shop in Baku starting off more than 10 years ago, with satisfied customers from all around Azerbaijan.

# CAPACITY

With 3000 sq.m. indoor fabrication and outdoor assembly facilities and a proven track record built over years of successful delivery, we offer clients a winning combination of capacity and expertise. We are equipped with the necessary resources to deliver simultaneous projects and meet tight deadlines, whether in our facility or on-site.

## 3,000 m<sup>2</sup>

Fabrication facility

Sienmar's Fabrication's machine park includes but not limited to:

- CNC Plasma / Oxy Cutting
- CNC Turret Servo Punch
- CNC Hydraulic Bending Press 135 t
- NC Shears Metal Sheet Cutter
- Semi-Automatic Band Saw Line
- 10 Semi-Automatic Welding Machine
- 12 Electric Welding Machine
- 4 Argon Welding Machine
- Blast & Paint Boost + Electrostatic Dust Paint Line
- Portable Atlas Copco Compressors (12+ bar)
- Portable Blasting Equipment & Graco Paint Pump
- 6 Portable Magnetic Drills
- 6 Portable Office & Storage containers

## 5,000 t.

Fabrication capacity

# TOTAL SOLUTIONS

Sienmar offers a truly unprecedented range of services, all delivered to the highest standards by the highly experienced personnel, which together cater for the entire lifecycle of large industrial assets.

From initial engineering, design and construction to ongoing maintenance and procurement support, Sienmar has it covered.
